

COME HOME TO THE CAPE – EVERY DAY

**NORTH CAPE™**  
SIMULATED CEDAR BOARD

**Cedar for Every Season.** North Cape™ wraps your home in the brilliance of cedar board siding – without the cost and maintenance of real cedar. Its realistic texture and rich color options deliver supreme siding for everything from a charming cottage to an elegant estate.

North Cape™ offers two profiles that recreate a 6 inch or 8 inch reveal. Lightweight yet rigid panels can be easily installed without the need for special tools. North Cape™ is unaffected by moisture, resists fading and stands up to harsh weather conditions beautifully.

D6" Cedar Board

8" Cedar Board

# NORTH CAPE

SIMULATED CEDAR BOARD

- Achieve the stately look of natural cedar boards without the maintenance of painting and caulking or concerns of cracking and warping

Sand 078	Spiced Tan 834	Spanish Moss 835
Brushed Sage 836	Marlin Blue 837	Evening Sky 838

### Panel Features

**1** *Recessed Nail Hem* – Prevents over driving of nails allowing panel expansion and contraction

**2** *Easy Panel Cutting* – Trim panels with standard snips or knife making for easier installation

**3** *Overlapping Joints* – Simple stack lock for faster installation

**4** *Center Nailing Hole* – Makes installation fast and easy (helps control panel expansion and contraction)

**5** *Reinforced Back Rib* – Reinforced back rib creates a more rigid panel

**6** *Real Wood Grain Texture* – Injection-molded panels achieve detail identical to real cedar
